## Louisiana Grills

### Savor the Flavor!

### Quick & Easy ... Smoked & Savory!

Mouthwatering flavor every time you barbeque! Cook with flavorful wood pellets in Hickory, Mesquite, Alder, Cherry or Apple for that unmistakable BBQ flavor as well as the tenderness only convection cooking can give.

Dansons has created the definitive line of quality wood pellet barbecues for you to choose from. Forget the bland, tasteless results of propane or natural gas. Gone are the days when you had to babysit your steaks on the grill. With a Louisiana Grill, you can preheat, put your food on, close the hood and walk away. Imagine juicy, flavorful turkeys and roasts done with minimal effort! Nothing beats the wood fired taste of a Louisiana Grill.

CS-450

#### Country Smoker - CS-450 Wood Pellet Smoker Grill

Employing the benefits of wood pellet fuel technology with enough space to feed an entire family, you can smoke your favorite foods more easily and economically than ever before!

The Country Smoker CS-450 model utilizes 450 sq.in. of porcelain coated cooking surface. Not only does this versatile appliance smoke salmon and wild game, it also grills a juicy steak and slow roasts pork butt. When you're finished all that, bake your pies and cookies to perfection without overheating your home with your conventional oven.
